

## FIRST BAPTIST 9; M. E. SOUTH 7.

In a fast and interesting game in the Sunday School League yesterday the First Baptist team with the score standing 6 to 3 against them in the sixth inning tied it up and then won out in the seventh by scoring three runs off Allen, who relieved Morrison as pitcher. Morrison started for the Methodists and pitched good ball up to the fifth, only one hit being made off of him, a two bagger by Trenary, but he weakened a little in the fifth, and in the sixth Allen went in after the Baptists had tied the score. Pops led with the stick, his three bagger in the sixth being the hardest hit ball of the game, bringing in two runs. Trenary pitched well for the Baptists, allowing only five hits well scattered throughout the game. Entwistle and McDonald umpired the game.

## CAPITAL STOCK TAX.

To the Editor of Gazette:

The following statement has been issued by Hon. J. C. Noel, Collector of Internal Revenue, Richmond, Va. "July 31st is the last day for filing returns on Capital Stock Tax. To avoid penalty, returns must be in this office before the night of July 31st. Forms for reporting this tax may be procured from this office or the following branch offices: Alexandria, Norfolk, Petersburg, Roanoke, Lynchburg, Martinsville, Danville and Newport News.

Form 707 is required for domestic corporations and Form 708 for foreign corporations.

The capital stock tax is a special excise tax imposed on corporations with respect to 'carrying on or doing business.' The tax on domestic corporations is \$1 for each \$1,000 or so much of the fair average value of its capital stock for the preceding year ending June 30 as is in excess of \$5,000. Foreign corporations are required to pay a tax at the rate of \$1 for each \$1,000 of their capital employed in the transaction of business in the United States without the benefit of the \$5,000 deduction. The tax is payable in advance, returns filed in July of this year, covering the taxable year beginning July 1, 1921, and ending June 30, 1922.

The Bureau of Internal Revenue estimates that approximately 325,000, such returns will be filed, and that the amount of revenue collected from this source will be approximately \$90,000,000.

Returns are required of every domestic corporation regardless of the par value of its capital stock, and of every foreign corporation irrespective of the amount of capital employed in this country in the transaction of its business. Certain corporations not organized for profit are exempt from capital stock tax. The class of organizations entitled to the exemption is described in regulations 50, revised, copies of which may be obtained at the office shown above.

Corporations claiming exemption are required to file returns setting forth their reasons for such claims, accompanied by evidence in support thereof.

If, because of lack of complete data or other reasons than illness or absence, it is impossible to file a complete return on or before July 31st, a tentative return may be filed, reporting the approximate fair value in order that an initial assessment may be made, thus avoiding penalty.

The penalty for failure to file a return within the time prescribed is an added assessment of 25 per cent. of the amount due, unless it is shown that the failure was due to reason-

able cause and not to neglect.

In addition to the added assessment a fine of not more than \$1,000 is provided for failure to make a return on time. For wilful refusal to make a return, wilful evasion of the tax, wilful refusal to supply in-

formation requested by the commissioner, or attempting in any way to evade the tax and payment when due, the penalty is a fine of not more than one year, or both.

With a view to the prompt collection of the capital stock tax, and for

the convenience of the taxpayer as well as the government, the bureau suggests that corporations submit checks with the returns for the amount of tax due. This method is appealing to corporations as it lessens liability to penalty.

## Quick, clean heat for every kind of cooking

It is hard to appreciate the convenience and satisfaction of cooking with the New Perfection until you have actually done so.

It's a relief, especially in warm weather, to be rid of carrying coal, wood and ashes, sweeping up litter and blacking the stove. And then you don't have to "rush the fire" on baking days and heat up the kitchen. Two burners on the New Perfection will give you all the heat needed for any kind of baking. You can regulate the heat produced by each burner, warm something gently on one and roast over another in a New Perfection oven.

The long blue chimney of the

New Perfection supplies just the right draught to drive the heat of the white-tipped flame forcibly against all the cooking utensils. The white-tipped flame produces the most heat and does not soot up your kettles and pans.

The New Perfection is simple, practical, economical. Supplies heat instantly, and when you are through just shut it off and save your fuel. You don't have to watch it. No adjustments to take care of. A boy or girl can fill it and clean it.

For the most satisfactory results use Aladdin Security Oil regularly. You always find it clean and efficient.

New Perfection Oil Cook Stoves are sold at most hardware, furniture and department stores.
